

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Bell's Palsy: Causes, Symptoms, Treatment & Pathology

Presenter The Nursing CPD Institute

In this session you will:

- Gain an understanding of the underlying causes of Bell's Palsy
- Acquire knowledge regarding the signs & symptoms of Bell's Palsy
- Receive information regarding the current & available treatments for Bell's Palsy
- Gain an awareness of the neurons and nerves affected involved in Bell's Palsy

Completed on

21 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

A sudden onset of facial weakness is frightening even for the most resilient patients. With the rise in the incidence of stroke, one would be forgiven for jumping to the conclusion that any facial weakness is a sure sign of stroke.

In this session, you will gain an understanding of the differences between Bell's Palsy and Stroke, the common signs & symptoms of Bell's Palsy, the prognosis for someone experiencing Bell's Palsy and the treatments which are available today.

Cheryl Dezotti

Director of the Nursing CPD Institute
