

Certificate of Completion

THIS CERTIFIES THAT
CALEB FELLOWES

has participated in the following education session:

Traumatic Brain Injury

Presenter The Nursing CPD Institute

At the end of this session you will:

- Gain an understanding of the incidence of TBI in Australia
- Learn about the most frequent short and long term complications
- Receive an overview of the related therapies to manage the complications
- Receive information about the current recommendation's for diagnosing TBI

Completed on

03 April 2019 (duration of 1 hour/s)

This equates to 1 CPD Hour/s (Continuing Professional Development)

REFLECTION:

The variety of problems that may present after brain trauma requires care providers to have both insight and preparedness to help the client. Complex cognitive, behavioural and personality sequelae are often the most disabling problems.

Cheryl Dezotti

Director of the Nursing CPD Institute
